TM

WHY THE LAUNDRESS: The simple act of doing laundry and cleaning leaves hands laundered and overworked. The effects of over saturation from water result in cracked palms, split cuticles and brittle nails. This is why we created the first and only moisturizer designed to counter the effects of time spent over the washer, sink and washboard. **The Laundress Après Laundry Cream** moisturizes and rejuvenates dry, rough patches of skin while conditioning hands, nails and cuticles. A concentrated formula of amino peptides, vitamins and botanical extracts counter signs of aging.

FOR BEST RESULTS: First wash hands with **The Laundress Hand Soap**, then apply **Après Laundry Cream** to hands, arms and elbows. Repeat as necessary.

All The Laundress products are tested on Gwen & Lindsey.
Animal cruelty free/no animal by-products.
Made with natural ingredients - texture and color may vary
Paraben, phthalate and dye free.

"We are committed to being a green and clean company for you, your home and the environment."

-Gwen & Lindsey

CAUTION: Do not ingest, avoid contact with eyes, and in a rare case of irritation, discontinue use.
