WHY THE LAUNDRESS: We created **The Laundress All-Purpose Cleaning Concentrate** to clean the entire home. This product combines a high percentage of active ingredients that are environmentally-friendly and efficacious. Just add water and clean with a mop, sponge or **The Laundress Lint Free Cleaning Cloth**. Works on multiple surfaces and areas throughout the home such as floors, tiles, kitchens and bathrooms. We love the way it smells too in our home scent No247, a blend of bergamot, thyme, lavender, musk and ylang ylang. For tough and hard to reach areas, use **The Laundress Scrub Brush**. Effective in all water temperatures and systems.

Kitchen • Bathroom • Shower • Tub • Tile • Porcelain
Floors • Wood • Vinyl • Granite • Marble • Stone • Linoleum

FOR BEST RESULTS: Use a sponge or mop. Combine with **The Laundress All-Purpose Bleach Alternative** on white and/or heavily soiled surfaces. For optimal results and less waste, use **The Laundress Lint Free Cleaning Cloth**.
