

THE LAUNDRESS[®]

NEW YORK

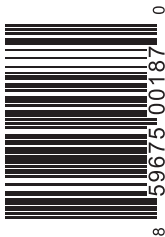

MACHINE CLEANER

*lime scale, rust &
build-up remover*

non-toxic • biodegradable • allergen free

16 fl oz / 500 ml

WHY THE LAUNDRESS: Mystery stains and colored spots appearing on your clothes? After numerous "Ask The Laundress" questions, we finally created the solution. **The Laundress Machine Cleaner** is formulated to remove lime scale, rust and build-up caused by minerals such as iron and calcium found in your water system. All of these elements affect your laundry and machine performance. Not only will **The Laundress Machine Cleaner** clean and remove deposits in your machine, iron and steamer, but it will also extend the life of your appliances. Also perfect to clean areas such as sinks, tubs and taps. Safe for all water temperatures and systems.

FOR BEST RESULTS: Run a **Machine Cleaner** cycle at least once a month in your **WASHING MACHINE AND DISHWASHER:** Add to the machine dispenser and run an **EMPTY**, long load with hot water. **FOR IRONS AND STEAMERS:** Unplug and when cool, add machine cleaner and fill with water. Let sit overnight, pour out and rinse thoroughly with tap water. Also for use on sinks, bathtubs, toilets, showers and tile - avoid direct contact with skin.

	Iron/ Steamer	1/16 cup 15 ml 2 capfuls	32 uses
	Dishwasher	1/8 cup 30 ml 4 capfuls	16 uses
	Washing Machine HE and Top-loading	1/4 cup 60 ml 8 capfuls	8 uses
