#### WHY THE LAUNDRESS: We've listened to your requests!

Due to popular demand, we've created an unscented version of our best-selling detergent. **The Laundress Unscented Signature Detergent** is specially developed for all-purpose laundering. This product is a perfect formulation of color guard and stain fighting enzymes. Effective in all water temperatures & systems. Dermatologist recommended.

**FOR BEST RESULTS:** Always pre-treat soiled areas with **The Laundress Stain Solution** or our **Wash & Stain Bar**. We recommend washing with hot water for cotton & linen.
