

THE LAUNDRESS®

NEW YORK

APRÈS LAUNDRY CREAM

hydrating hand cream

non-toxic • biodegradable • allergen free

8 fl oz / 250 ml

WHY THE LAUNDRESS: The simple act of doing laundry leaves hands looking laundered. The effects of over saturation from water result in cracked palms, split cuticles and brittle nails. This is why we created the first and only moisturizer designed to counter the effects of time spent over the washer, sink and washboard. **The Laundress Après Laundry Cream** moisturizes and rejuvenates dry, rough patches of skin while conditioning hands, nails & cuticles. A concentrated formula of amino peptides, vitamins and botanical extracts counters signs of aging.

FOR BEST RESULTS: Apply **Après Laundry Cream** to hands, arms & elbows.
Repeat as necessary.

We are committed to being a green and clean company for
you, your family and the environment.
